Summary

For the past 16 years, I have been a dedicated **front-end engineer**, consistently delivering meaningful contributions to teams of all sizes and scopes. Over the past 8 years, I have honed my skills and expertise working remotely, bringing a high level of professionalism, organization, and collaboration to every project. As a passionate team player with a low-ego, I thrive on working closely with my colleagues to produce high-quality deliverables that exceed customer expectations. Whether working on a large-scale project or a tight deadline, I remain calm and focused, going above and beyond to ensure that our products are nothing short of exceptional.

Experience

Jul '22 – March '23 — **Staff Front-end Engineer**, *Assembly INC*, remote to Santa Monica, USA.
Greenfield project. Led the development of the iOS and Android apps in React Native (Expo).
- Skillfully managed timelines and milestones of a team of 5 software engineers and 2 QA engineers.
- Successfully published the app on both the App Store and Play Store in 4 months.
- TS/JS, React Native, Mobile development, Expo, CSS-in-JS, WebPack; testing: Crypress.

Aug '15 – Jul '22 — **Lead Software Engineer**, *InVision INC*, remote to New York, USA.
Developed features from the ideation and architecture phase through to completion. Have worked on many parts of the application in many capacities. Worked on team management, authorization and enterprise admin features.
- TS/JS, React, Angular, Node, Redux, CSS-in-JS, WebPack, Docker, Golang; testing: Jest, React Testing Library.

Aug '13 – Aug '15 — **Lead UI Engineer**, *Streamhub LTD*, London, UK.
Greenfield project. Designed and built from scratch the entire analytics platform in AngularJS.
- Leader and mentor of a team of 3 engineers.
- Won the DTG Television Innovation Awards as best television analytics platform of the year (2014).
- Improved recruitment pipeline to grow the engineering team.
- AngularJS, Sass, Scala (Play), grunt. Data visualization using D3.js and Highcharts. TDD: Karma ans Jasmine.

Feb '12 – July '13 — **Senior Front-end Engineer**, *Booking.com BV*, Amsterdam, The Netherlands.
I conducted an in-depth analysis and subsequent optimization of the search and calendar user interfaces, with a particular focus on enhancing the overall usability and accessibility of every individual component of the landing page.
- JavaScript, jQuery, Backbone, Require.js, Handlebars, HTML5, CSS3, PHP5; TDD: QUnit and Jasmine.

Jul '11 – Jan '12 — **Senior Front-end Engineer**, *Pastbook BV (hosted by Rockstart Accelera- tor)*, Amsterdam, The Netherlands.
I undertook a greenfield project, where I developed an entire application from scratch in collaboration with a web/graphic designer. Our primary objective was to produce an aesthetically pleasing and highly functional product for the demo day.
- Won the award of best Dutch startup of the year (2012).
- JavaScript, jQuery, Backbone, CSS3 (paid extreme attention to responsive design for mobile and tablet devices), HTML5, PHP5.

Jan '07 – Jul '11	**Fullstack Developer and Web Designer**, *Euro Servizi SRL*, Padua, Italy.
	I analyzed and developed both front-end and back-end solutions for managing the construction dossiers. This involved designing and implementing comprehensive systems for processing public and citizens' submissions, as well as developing regional and municipal Web portals, Public Administration CMS, and various Web applications.
	○ Specialized in W3C standards, cross-browser compatibility, web usability, accessibility, and strictly followed usability principles and methods for usability testing.
	○ Ruby, PHP, Python (Django), JavaScript, MySQL, HTML, CSS, mySQL.

Miscellaneous

Jun '01 – Dec '06	**Graphic designer**, *Veneta Advertising SRL*, Padua, Italy.
	○ Illustrator, Photoshop, CorelDRAW.

Computer skills

Programming Languages	JavaScript, Typescript, Golang	Toolchain	Webpack, Styled Components, CSS-in-JS, CSS Frameworks, Design Systems, Monitoring
JavaScript expertise	React, React Native, Node, Performance Tuning	Team Lead	Scrum and Kanban development process

Education

Oct '04 – Dec '07	**BSc Computer Science**, *Università degli Studi di Padova*, Padua, Italy.

Languages

English	Full professional proficiency – *C1, TOEFL certificate - London, 2007*
Portuguese	Full professional proficiency – *B2, DAPLE certificate - Fortaleza, 2020*
Italian	Native or Bilingual proficiency – *C2, Mother Language*

Interests

Sports	hiking, cycling
Miscellaneous	gardening, DIY, reading

Volunteering

○ "Helping Cumbuco", Co-Founder of a Nonprofit Organization for Poverty Alleviation.

○ Unicef Brasil, International volunteer.
